12. December 1991

Dear Mr. Yilmaz,

I would like to congratulate you for the very successful 3rd International Defence Equipment and Aviation Exhibition held in Ankara three weeks ago.

Thank you very much for your generous attitude which enabled NAMSA to participate in IDEA '91 with a stand.

I also wrote to Mrs. Erol congratulating her on the outstanding job done.

The social gathering on Wednesday, 13 November has been very interesting and we met a lot of industry and government representatives with whom we were able to establish closer contacts. Thank you for having invited me and my delegation to this event.

We are looking forward to 1993 with possible NAMSA involvement at your 4th International Exhibition.

*Yours faithfully
D. J. ...*
