Fairground: **THY Etimesgut Türkkuşu Tesisleri - Ankara**

This Exhibition Is Organized Under The Supervision Df TOBB In Accordance With Law No. 5174

## THE REASONS WHY YOU SHOULD PARTICIPATE TO THE IDSL '24

**Prime Location:** The exhibition is hosted in Ankara, the capital city of the Republic of Turkey. This city stands as the nerve center of all state decision-making processes, encompassing various state institutions and logistics units.

**Unparalleled Exposure:** It offers a unique platform to showcase your products and services directly to key officials from the Ministry National Defense, General Command of Gendarmerie, and the General Directorate of National Security.

**Direct Communication:** Engage in face-to-face interactions with authorized logistics and procurement officers, fostering genuine relationships and understanding of mutual needs.

**Product Introduction and Marketing:** This exhibition provides an optimal environment to introduce and market your state-of-the-art defense products to a discerning audience.

**Global Networking Opportunities:** Initiate cooperation dialogues with authorized procurement officers from Europe, Asia, North Africa and Turkish Republics, expanding your company's international reach.

**Tailored Meetings:** Upon request, attendees can participate in dedicated office meetings with government officials and sector-specific partners, enhancing the potential for collaboration.

**Insightful Seminars:** Participate in specialized seminars to assess and address the evolving expectations and requirements within the defense sector.

**Innovative Exhibition Concept:** This exhibition stands apart due to its modern approach. By focusing on products listed in the communique issued under Law No: 5201, both your individual success and the collective success of the exhibition are primed to thrive.

Please fill the application form in the annex and take your place on this platform in time, by contacting ABC.

Make use of the opportunity to directly contact all state authorities, decision makers and logistic units.
